

My dear Brothers and Sisters in Christ,

I trust this finds you and those whom you care for keeping well. The last psalm at evening prayer tonight began with words of amazing comfort:
The Lord is king let the earth rejoice; let the multitude of islands be glad.

We believe that not since 1954 has this country faced such a medical crisis. Catching polio was what everyone feared then and, fortunately, the birth of the Salk vaccine in 1955 allayed many fears. Today we face the Covid-19 virus which has sadly managed to find its way to the Garden Route. Far from being fearful we know that the Lord is King. Passiontide reminds of the nature of our king and who he really is and we know that our lives, always in His hands, will end in the triumph of Easter.

Jesus said, "Have salt in yourselves; and be at peace with one another." This is who we are: people of peace bringing flavour to our world.

Remember to wash your hands thoroughly and please stay at home.

Please continue to pray for all who are treating the victims of this pandemic and those who are suffering from having caught the Corona virus. Thank you for all you have done and are doing during this lockdown.

Your father in God and servant in Christ,

+ Brian George
